

## Basic Rules of Disc Golf

1. Disc Golf is played like ball golf, using flying discs. One stroke is counted each time the disc is thrown and when a penalty is incurred. The winner is the golfer with the lowest score.
2. Order of play - After teeing off, the player whose disc is furthest from the hole always throws first. The player with the fewest strokes on the previous hole is the first to tee off.
3. A disc that comes to rest in the basket or chains constitutes successful completion of that hole. A disc that lands on top of the pole is NOT a successful putt.
4. A disc that comes to rest more than 2 meters above the ground is considered out of bounds. The disc must be thrown from the ground directly below the suspended disc, with a one stroke penalty.
5. A throw that lands out-of-bounds is to be carried in and played from the point where the disc went out-of-bounds, with a one stroke penalty. Out-of-bounds areas include roads, water, pavilions and walkways. Alternate recreational rules do not include penalty strokes, but you should still always carry your disc back in bounds and off of roads and sidewalks.
6. Never throw until the players ahead of you are out of range and until the fairway is completely clear of spectators and park guests. Be polite and patient in waiting for others to clear your path or skip that hole and play it later.

**Have fun!**
